## Contract Agreement:

At the time the party consisting of the owner/lessee of the listed mare agrees with the owner of the above stallion on a time for the mare to be service by the stallion, the booking fee is required in full. Once the booking fee deposit is made, the agreed upon dates will be set aside for the given mare to be serviced. The booking fee is **NON-REFUNDABLE**. Once the breeding fee has been paid, it is **NON-REFUNDABLE**. At the time the mare is dropped off to be serviced on the first date agreed on in the contract, the mare care fee is to be paid up front and in full. The mare to be serviced is to have a **current NEGATIVE Coggins paper** and a **Health Certificate** completed within the 30 days of the last day the mare is to be serviced. This is to insure the mare is up to date on all shots and to lessen the chance of spreading diseases.

- A.) A **Negative Coggins** report within **6 months** of the present date.
- B.) A copy of the **shot records** from your veterinarian showing that the said horse has been vaccinated for the following within **3 months** of prior to it's arrival at the Double A Ranch.
  - 1. **Equine Influenza (KY 97)**
  - 2. **Eastern Encephalomyelitis (sleeping sickness)**
  - 3. **Western Encephalomyelitis (sleeping sickness)**
  - 4. **Rhinopneumonitis Vaccine (KV)**
  - 5. **Tetanus Toxoid**
  - 6. **West Nile**
  - 7. **Strangles Streptococcus Equi Bacterin**
  - 8. **Rabies**

The owner of the mare is also to have **two bags of feed** that is to be given to their mare specifically to avoid any type of feeding health problems and to insure the horse's health. The feed will be given to the mare serviced **ONLY** and to no other horses on the property of the Double A Ranch.

To prevent intestinal problems, the owner of the mare will need to supply **3-4 bales of hay** for your horse. Any remaining hay will be returned to the mare owner upon pick up. At the time agreed for the mare to be picked up after her service, if any remaining feed is available, it will be returned to the mare owner. The **full amount of the breeding fee** given above is to be paid in full at the time of picking up the mare. If the fee is not paid in

full, the horse will remain on the property of the Double A Ranch until full payment is made. If payment is not made within **two months** after the mare is serviced, the Double A Ranch **assumes all rights and ownership to the mare and foal she is carrying**. At the time of picking up the mare, a **copy of the mare's registration paper** is required to insure a Stallion Breeding Report for the foal to insure registration.

Permanent Address information is needed so that the owner of the stallion listed above, Amy Green, can to mail the proper foal registration papers to the foal owner after the stallion breeding report has been completed by APHA.

To insure the horse's health at time of service, the listed mare to be serviced will come in no contact with other horses except for the stallion who is chosen to service her.

**Guarantee:**

The following is the Double A Ranch policy of a **Live Foal Guarantee** on the breeding Stallion listed above.

**Live Foal Guarantee:**

If the mare serviced is found not to have a positive pregnancy from the listed stallion who serviced her, the owner of the mare is given the right to bring their mare back to be serviced to insure pregnancy. The owner of the mare has up to 3 times to have their mare bred. If by the third attempt of breeding, the owner of the stallion is not required to do another breeding. After the third attempt, the stallion and stallion owner have fulfilled their breeding agreement. At this time, if the mare is not found to be pregnant, we strongly suggest that the mare owner have her checked for fertility. When the mare has her foal the following year, the Double A Ranch only insures a foal as born Live. After the foal has lived a full 24 hours, the Double A Ranch has completed its guarantee. A live healthy foal is described as a newborn foal which stands and nurses without assistance. If foal is born dead or handicapped, the mare owner must notify the breeder within 30 days of the birth and provide a veterinarian's statement confirming death or handicap.

If mare is found not have a positive pregnancy after the second breeding attempt, the owner of the mare is required to have her checked for health reasons. Owner of the stallion is not required to repeat another breeding past a second breeding attempt. If the

stallion has provided two breeding weeks and no positive pregnancy results, the owner of the stallion is required to only refund one half of the breeding fee. All other fees are non-refundable. We strongly suggest having the owner of the mare have her mare checked prior to the first breeding attempt for breeding soundness. All first time mares are to be palpated and checked by a veterinarian prior to breeding for the first time to check for fertility.

**Note:**

Live Foal and Live Color Foal guarantee is **Null and Void** if the mare listed dies during the pregnancy or during the delivery.

It is the mare owner's responsibility to give the mare the proper health requirements such as her Equine Rhino-pneumonitis shots to be given on 5, 7, and 9 months of pregnancy to avoid her aborting the foal. If the mare loses a foal due to the owner not giving the proper medications, the Double A Ranch is not required to insure another breeding. If foal is aborted during the pregnancy and all necessary precautions and medications have been given, the Double A Ranch requires a veterinarians note guaranteeing that the proper health vaccinations were given before another breeding is to be done.

It is highly recommended that the owner of the mare have the mare checked for a positive pregnancy within 45 days after the last day of breeding service.

This contract is non-assignable and non-transferable. In the event that the mare is sold or otherwise disposed of prior to the birth of the foal, the live healthy foal guarantee will no longer be valid. If the owner of the mare sells the mare during the pregnancy, all breeding guarantees are hereby null and void.

**Breeder's Certificate:**

An authentic American Paint Horse Association breeding report will be issued for the foal conceived by this mating when the stallion fees and all other expenses have been paid in full and when the mare has produced a live healthy foal by this mating for registration purposes. This applies only to APHA Registered Paint mares, AQHA Registered Quarter Horse mares or Appendix mares, and Jockey Club Registered Thoroughbred mares. For mares of other breeds, the owner is to provide the registration application to the owner of the stallion for signatures and the information needed to insure their foal's registration.

**Emergency:**

In case of an emergency situation, the owners of the Double A Ranch are given the right

to call the veterinarian I have listed above. If the listed veterinarian is not available, I give permission to the owners of the Double A Ranch to call a veterinarian of their choosing. I understand I will be contacted immediately.

In case I cannot be reach during an emergency situation, the following person(s) should be contacted. I understand that I will be responsible for all veterinarian charges and fees for my mare for whomever the veterinarian may be.
